3. Activity reports.

- Mr. Baďura expressed his satisfaction with organizations and level of competition on 7<sup>th</sup> ESHRKF Championships in Arad, Romania.

In 2020, due to the Covid 19 pandemic, we had no activities at all other than regular communication between members. In 2021, it was again a year marked by a pandemic and we had to cancel our sports activities. But as a substitute for the opportunity to compete on the tatami, we transferred our activity to the online space. We created competition rules for the

video kumite and kata competition, 15 countries took part in the video competition, 286 competitors and 30 judges took part in the judging. It was quite a successful replacement instead of a direct confrontation in the sports hall. We all hoped that in 2022 the pandemic would be milder and we would finally be able to hold our championships. In September 2021, in communication with the members of the council, I proposed that the 8<sup>th</sup> Championship be held in Varždin, Croatia. The members of the council agreed with the proposal and we entrusted Mr. Marjanovič to organize the Championships, Mr. Marjanovič accepted our offer and took over the organization.
